

# TIPPING THE SCALES OF JUSTICE TO FAVOR SPECIAL INTERESTS OF WEALTHY CALIFORNIA TRIBES

**SB 549** directly eliminates the Attorney General's authority to regulate gaming in California, threatening jobs, tax revenues, and fair gaming regulations across the state.

## REJECT SB 549:

- ✗ Gives tribal nations PAGA-like powers to sue their competitors while no one has standing to sue them.
- ✗ Allows tribal casinos to continue violating their compacts by playing illegal roulette and craps by prohibiting anyone from suing them.
- ✗ Harms California residents who need jobs and cities across the state who rely on the hundreds of millions of dollars in tax revenues.
- ✗ Allows wealthy gaming tribes to flood the courts with litigation tying up court resources and impacting the access to justice for millions of Californians.
